M. A. C. ATHLETES MUST WORK MORE

Director Bassett Declares He Will Not Tolerate Shirkers Among Members of Teams—Preparing for Indoor Meet.

That athletes of the Missouri Athletic Club will henceforth have to hustle to retain their places on the Cherry Diamond track team and membership in the club in the effort just given out by Athletic Director Bassett.

Bassett is preparing for the first indoor track and field meet of the season on December 16. His call for athletes to return to the track after the holidays brought out but few of the regular squad.

It is his intention to make the initial meet the banner one of the season, but realizes that the men must be more punctual and regular in their training than will not make a good showing.

He has decided that the members of the track and field team, especially those who hold athletic memberships, must report every Thursday night and so through the routine workout with the others.

He may have to impose some fines and on off nights for their practice, but this does not satisfy Director Bassett and he has decided to take stern measures in bringing out the shirkers.

The club is to meet after the athletic members if they do not do their best in making the team a success.

There is much good material at the club, but the men have been losing many points because the men did not properly prepare for their respective contests.

Bassett has the men to devote more time to their studies, with the result that a full representation at the club to-morrow will probably be the most interesting and important feature of the meet ever held in the clubhouse.

The program includes the relay race, the 100 yards dash and high and low hurdles at this distance, shot put and discus, the 100, 200 and 400 yards, and the 100, 200 and 400 meters relay races between Central, Smith, Manual, Tenton and McKinley are also called, while a pure relay between the N. C. A. and the M. A. C. will be held in the various events on December 16.

The programme includes 35-yard dash, high and low hurdles at this distance, shot put and discus, the 100, 200 and 400 yards, and the 100, 200 and 400 meters relay races between Central, Smith, Manual, Tenton and McKinley are also called, while a pure relay between the N. C. A. and the M. A. C. will be held in the various events on December 16.

The students and Y. M. C. athletes are also eligible to compete in the various events. Those with Washington University, St. Louis University, Christian Brothers College and others should provide good competition.

HIGHLIGHTS AT CRESCENT CITY.

Winter Brown Was Kicked at the Post and Goldsboro Down in the Race.

New Orleans, La., Dec. 6.—On a fast track four favorites finished first at the Fair Grounds today. Henry Bert, disengaged from his interference quiet at the start.
